Foreword

A Commitment to Our Children

General Statute 115C-47(4) makes it the responsibility of the local board of education to regulate extracurricular activities, including athletics. This statute reads as follows: "Local boards of education shall make all rules and regulations for the conducting of extracurricular activities under their supervision, including a program of athletics..., provided that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education." General Statute 115C- 47 reflects our state's commitment for youth to be involved in activities that enhance physical, social and emotional well-being.

This revision of the handbook for middle/junior high school athletic programs has been completed to assist local boards of education and their staffs in carrying out the intent and purpose of the statute cited. Recommendations were made by many of you who served in some capacity to the revision of this manual. It is our intent that this manual provides guidelines for LEAs to provide consistency, sportsmanship and fairness for all children who choose to participate in interscholastic athletics. As you would expect, a major focus of the handbook is the safety of the participants.

The effectiveness of any program is based primarily on the understanding and commitment of those who are charged with the responsibility for its implementation. I am convinced that you have that understanding and commitment. It is our hope and belief that this handbook will be an invaluable tool as you continue to improve a program that is already recognized as excellent.

Interscholastic Athletics

Interscholastic athletics have a vital place in the total educational program when they are effectively planned, organized, administered, supervised, and evaluated. Through school athletics, many of the interests and needs of young people can be served better than through any other channel. For this reason, it is important that school administrators, teachers, students, parents, and community personnel determine what educational objectives seem most desirable and plan athletic programs in keeping with the overall purposes of the school program. These additions should be printed in handbook format and provided to all member schools to ensure compliance and fairness.

Underlying every phase of the athletic program should be a primary concern for the athlete as a person, student, and a member of society. At all times, emphasis should be placed upon progressing levels of maturity both physical and emotional, upon integrity both personal and social, and upon responsibility, both for oneself and to all involved in the athletic program. Any play between organized teams or individuals from different schools is defined as an "interscholastic athletic contest" and shall be subject to all regulations pertaining to such contests.

Statutory provisions state that "Local boards of education shall make all rules and regulations necessary for the conducting of extracurricular activities in the schools under their supervision, including a program of athletics, where desired, without assuming liability therefore provided, that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education."

G.S. 115C-47(4)

The Superintendent shall be responsible for general oversight of interscholastic athletic activities at participating middle and junior high schools. Public school units shall apply and enforce the requirements of this Section for participating middle and junior high schools under their jurisdiction.

Middle/Junior High School Athletic Eligibility

Only students in grades six through eight may participate in middle school (6th, 7th, and 8th grades) interscholastic athletic competition. Only students in grades seven through nine may participate in junior high school (7th, 8th, and 9th grades) interscholastic athletic competition.

Sixth grade students are ineligible to participate in tackle football.

Eligibility begins for all students with initial entry into the sixth grade regardless of:

- the school organization pattern
- the decision of the PSU to allow 6th grade participation

A student in grades 6 – 12 shall not participate in interscholastic athletics on behalf of a North Carolina public school unless the student has satisfied the eligibility requirements set forth in this Policy. Public school units are authorized to determine whether and to what extent students under their jurisdiction may participate in interscholastic athletics, not inconsistent with the requirements of this Policy.

Academics / Scholastic Requirements

1. In grades six, seven and eight, the student must pass at least seventy (70) percent of the courses taken in the preceding semester.
2. The student is making sufficient progress toward meeting the academic and curricular requirements of the PSU and the State Board of Education to be promoted to the next grade level or to graduate within the next calendar year.
3. If a student is "academically eligible" or "academically ineligible" at the beginning of any semester, that status is retained throughout the full semester.
4. It is the responsibility of the school principal to check the academic status of each student/athlete enrolled in school at the beginning and close of a semester.
5. A principal shall prohibit any student known to be academically ineligible from participating in any competitions. Within eight days (excluding Saturday and Sunday) of the last day of the first semester, a principal shall verify the grades of all students participating in interscholastic athletics. The principal may restore eligibility to any debarred student after he or she has qualified at the end of a semester. Any student who has his or her eligibility restored may participate the day following the completion of the semester of ineligibility.
6. For the purpose of determining good academic standing during the fall semester, a student may count courses that the student passed in a summer school session in which the student was enrolled during the same calendar year toward the total number of courses passed in the preceding spring semester, provided that summer school courses shall not affect the total number of courses attempted in the preceding spring semester.

Age Requirements

1. Each PSU shall determine the age of a student participating in interscholastic athletics based on a preponderance of the evidence known to the PSU.
2. A student who is ineligible to participate at one grade level due to age shall be eligible to participate at the next higher grade level only, provided that a student:
 - a. Shall be eligible to participate at the middle school level for no more than six consecutive semesters, beginning with the student's initial entry into Grade 6.
 - b. Shall be eligible to participate at the high school level for no more than eight consecutive semesters, beginning with the student's initial entry into Grade 9.
 - c. A student shall not participate on a middle school team if the student becomes 15 years of age before August 31 of that school year.
 - d. A student shall not participate on a junior high school team if the student becomes 16 years of age on or before August 31 of that school year.
 - e. A student shall not participate on a high school team if the student becomes 19 years of age on or before August 31 of that school year.
3. Ninth graders can be divided so that some play with the seventh and eighth grades at the middle school. Others play at the senior high level, depending upon local policy.
4. Once a student begins practicing with a high school team, he/she may not, at a later date, move down to the seventh, eighth, or ninth grade (junior high school) team.
5. A ninth grade student beginning play with the junior high school team may, at a later date, move to the high school team, but could not return to the junior high school team.

Attendance

1. The student must have attended at least 85 percent of the total number of instructional days in the PSU during the previous semester;
2. A student must, at any time of any game in which he or she participates, be a regularly enrolled member of the school's student body, according to local policy.
 - a. If there is no local policy, "regularly enrolled" is defined as enrolled for at least one-half of the "minimum load."
3. It is recommended the student be in school the day of the contest.

Biological Requirements

All students participating in interscholastic athletics shall comply with the biological participation requirements as provided in G.S. 115C-407.59.

2. The PSU shall maintain a copy of the most current list in the principal's office and the office of the local superintendent.
3. All eligible students shall be included, and all information must be complete and accurate when certified by the principal.
4. It is recommended to keep these lists on file for at least three years.
5. A player shall not dress for a game or scrimmage when he or she is not eligible to participate in the game.
6. Dressing and being in the designated team area shall be interpreted as participating in the game.
7. Any school that uses an ineligible player or a player not included on the eligibility list in any contest is to immediately drop the player from the team and forfeit all games in which the player participated. (This includes individual sports.)
8. Schools not filing a completed eligibility list with the local superintendent's office or designee for any interscholastic athletic team shall be suspended from playing in that sport until such list is received by the local superintendent's office.

Felony Policy

1. A student shall not participate in interscholastic athletics after pleading guilty or "no contest" to, or being convicted of, a felony under the laws of North Carolina, the United States, or any other state.
2. Prior to deeming the student ineligible, an administering organization shall receive a certified copy of a criminal record reflecting the conviction and verify that the student is the same individual identified in the criminal record.
3. Such ineligibility shall be immediate and shall prohibit participation in the NC Middle School sports program from the date of conviction or adjudication of delinquency through the end of the student's middle school career.

Name, Image, or Likeness (NIL)

As used in this Rule, the phrase "name, image, or likeness" or "NIL" shall refer to the use of a student's name, image, or likeness for commercial purposes and in exchange for compensation to the student. Compensation may include cash, in-kind gifts, or other tangible benefits to the student.

Students with identified disabilities are eligible for participation in athletic programs at the middle/junior high school level.

1. Ninth graders participating in high school athletics are governed by the North Carolina High School Athletic Association.
2. Participation in athletic team tryouts may not be denied a student with a disability, an IEP, or a 504 plan when accommodations or modifications are necessary to provide the student with an equal opportunity to benefit. For example, a deaf student would require an interpreter for the deaf.

Hardships

The Superintendent shall be responsible for general oversight of interscholastic athletic activities at participating middle and junior high schools. Public school units shall apply and enforce the rules and policies of the SBE related to interscholastic athletics at participating middle and junior high schools under their jurisdiction. A PSU may also waive any student participation rule as applied to a specific student enrolled at a middle or junior high school under the jurisdiction of the PSU, in accordance with SBE Policy ATHL-005, if it finds that enforcing the requirement:

1. Fails to promote academic progress, health, safety, and fair play;
2. Works an undue hardship on a student who has lost eligibility due to circumstances that made participation impossible, such as prolonged illness or injury; or
3. Prevents the reasonable accommodation of a student's disability, as required by the Americans with Disabilities Act, 42 U.S.C. § 12101 et seq.
4. Sixth grade participation in tackle football is not eligible for appeal.
5. A student, or the student's parent, may appeal a PSU's decision regarding the student's eligibility under ATHL-005 to the Interscholastic Athletics Appeals Board in accordance with ATHL-010. Nothing in this manual or SBE policy, however, shall be construed as restricting a PSU's authority to limit student participation in extracurricular activities, including interscholastic athletics, in accordance with policies adopted by the local board of education under G.S. 115C-47(4).

NOTE: It is to be understood that ordinary cases in ineligibility shall not be considered as coming under the hardship category, and that the conditions which cause the student to fail to meet the eligibility requirements, must have been beyond the control of the school, the student and/or his/her parents. Injuries, illnesses, or accidents which cause the student to fail to meet one of the basic requirements are possible causes for hardship consideration.

Health and Safety

Athletic Injury Management

Each participating school's emergency management plan shall include:

1. A delineation of roles;
2. Methods of communication;
3. Available emergency equipment; and
4. Access to and plan for emergency transport.

Each school shall maintain complete and accurate records of its compliance with the requirements of this Rule.

Inclement/Hot Weather Guidelines for Outdoor Sports

All outdoor sports should follow the Inclement/Hot Weather/Lightning Guidelines found at:

<https://www.nchsaa.org/handbook>

These guidelines are reviewed/revised annually by the Sports Medicine Advisory Committee of the NCHSAA.

Sanitary and Safety Measures

While the risk for blood-borne infectious diseases, such as HIV/Hepatitis B, remains low in sports, proper precautions are needed to reduce the risk of spreading diseases. Along with these issues are skin infections that occur due to skin contact with competitors and equipment.

 - b. Follow NFHS or NCHSAA guidelines on "time until return to competition."
8. Allowance of participation with a covered lesion can occur if approved by health-care provider and in accordance with NFHS or NCHSAA guidelines.

Blood-Borne Infectious Diseases

Means of reducing the potential exposure to these agents include;

9. Bleeding must be stopped immediately, and all wounds covered. All blood-soaked clothing must be removed before continuing competition or practice.
10. Contaminated clothing must be cleaned before using again.
11. Athletic trainers or caregivers need to wear gloves and take other precautions to prevent blood-splash from contaminating themselves or others.

These procedures were obtained and revised by the NFHS (August 2005)

NOTE: A bucket or squeeze bottle with a 10 percent bleach solution or isopropyl alcohol solution and rubber gloves should be placed at each sporting event for cleaning purposes. Surfaces should be cleaned using the above solution and disposable clean-up materials should be placed in a sealed plastic bag for discarding.

NOTE: It is important that any time there is blood present, even on uniforms, that it is treated with care regarding its ability to transmit infectious diseases.
